

NATIONAL TEAM CAMP AND EVALUATION

Dates: August 2-4, 2021

Location: LIU Post Brookville NY

ABOUT TEAM 91 + WHY HAVE CAMP

Over the past few years, Team 91 Lacrosse has grown from its roots on Long Island (NY) to having wildly successful teams located in Maryland, New Jersey, Westchester (NY), Texas, Georgia, Connecticut and multiple regions within Colorado and North Carolina.

One of the goals when growing within these locations was to have at least one annual event where all of these regions would come together to learn from our outstanding directors and lacrosse educators, to get to know each other, compete with and against one another and strive to become more complete lacrosse players.

In addition to the unparalleled lacrosse instruction and comradery on the field, the camp will serve as the tryout process for the Team 91 National Program. The Team 91 National Program will feature the best players from across the different regions to compete in two nationally-renowned events. Players will be coached by some of the top lacrosse minds in the Team 91 system and receive monstrous gear packages from our official outfitters New Balance and Warrior/Brine.

"This camp has been something that we've thought about for a long time, and it's amazing to see it come together," Team 91 founder Brian Spallina said. "We're so pumped to bring together the best players in the Team 91 family from around the country and have them play with and against each other to bring out the best. Our players are going to learn a ton from this camp, and the end result is going to be the formation of some incredible teams that are going to play against the top competition in the country."
